

Less Stuff ... More Life

How to create the life you really want ... without all that excess stuff.

A Power Lunch Presentation

The problem ... You spend too much time looking for misplaced items, the magazine rack is overflowing, the kitchen table holds a week's worth of mail, the stairs are an obstacle course, and you're pretty sure it's official: you're in dire need of some serious clutter control!

Having too much stuff can not only drain and frustrate you, it can make it difficult to get stuff done, and it can get in the way of enjoying, not only your home but also your very life. Instead of your stuff bringing you joy ... it's stressing you out!!

The solution ... Spend one hour learning about the ins and outs of getting rid of excess stuff in your life so that you can have a life. Don't miss this opportunity to get your home and – most importantly, your life – back in shape.

Here's what you'll learn ...

- 🌀 Your stuff may be costing you more than you realize
- 🌀 How to navigate the tough decisions of letting go of stuff
- 🌀 How to plan your organizing project successfully
- 🌀 How to keep it organized

There really is a simpler, easier way to live.

This presentation is packed with practical tips and plenty of interactive opportunities.
